All Cities, Counties and Towns
All Certificated Local Exchange Providers

RE: Correction to the Right of Way Use Fees letter

Ladies and Gentlemen:

This letter supercedes the previously sent letter incorrectly dated January 3, 2004. Under State Code §56-468.1, the Virginia Department of Transportation (VDOT) is responsible for calculating the monthly fee per access line and reporting it to all affected localities and certificated providers of local exchange telephone services.

Annual Reports received indicate there were 4,205,074 access lines and 1,646,658 feet of new installation as of September 30, 2004. Based upon that information, and the highway mileage figure of 68,229.56, the public right of way use fee will be \$0.61 per access line for the period July 1, 2005, through June 30, 2006. This is an increase of \$.02 from last year.

All telecommunication companies affected by this legislation should take the necessary steps to include the charge on their billings and submit collections to the appropriate governmental entity. Monies due VDOT should be sent using the Public Right-of-Way Use Fee Remittance Advice form. For the Certificated Providers, an updated Remittance Advice form is enclosed for your use.

Should there be any questions regarding the right of way use fee, please contact Edward Land at (804) 786-4429.

Sincerely,

S. A. Waymack, State Director
Right of Way and Utilities
